

Experience

Junior Mechanical Maintenance Engineer → Shift In-Charge

KSRM Billet Industries Ltd

📅 1/1/2019 to now. 📍 Chattogram, Bangladesh

A leading steel manufacturing company

Lead a shift team ensuring safety protocols and production efficiency in steel melting plant

Supervise and maintain Induction Furnace, Ladle Reheating Furnace (LRF), Overhead Cranes, Water Treatment Plant (WTP), and Air Pollution Control (APC) systems

Fabricated custom spare parts to reduce external dependency and improve MTTR (Mean Time to Repair)

Created technical drawings, maintenance checklists, and inspection documents for shift reports

Collaborated with operations, electrical, and safety departments to reduce downtime by 15% over 12 months

Trained junior technicians on machinery safety and routine servicing

Sub-Assistant Engineer (Fire Safety Projects)

Symantech Technology Ltd

📅 1/1/2019 to now. 📍 Chattogram, Bangladesh

A company specializing in fire safety systems and solutions

Installed fire hydrant systems, LED-based fire sprinklers, fire detection, and suppression systems in garments factories (e.g., KDS Fashion, KDS IDR, Independent Garments)

Oversaw project sites, ensuring equipment commissioning met safety standards

Managed installation teams, prepared daily reports, and handled client communication

Customer Relationship Officer

Mighty Technologies

📅 1/1/2019 to now. 📍 Chattogram, Bangladesh

A software solutions company

Managed client inquiries and service orders for a software-based company

Coordinated between sales and support teams to ensure smooth client servicing

Improved customer feedback process by digitizing complaint tracking

Product Distributor

MR. Food

📅 1/1/2019 to now. 📍 Chattogram, Bangladesh

Food distribution service

Delivered corporate meals and maintained quality assurance across client offices

Managed client delivery schedules and feedback collection

Brand Promoter

Event-Based Marketing

📅 1/1/2019 to now. 📍 Chattogram, Bangladesh

Marketing promotions for various brands

Promoted brands like PRAN, Ruchi, and American Tobacco at public events

Managed live events, product demos, and customer engagement

Receptionist

Star lab Diagnostic Center

📅 1/1/2019 to now. 📍 Chattogram, Bangladesh

Healthcare service provider

Scheduled patients and doctors, entered test prescriptions, and maintained reports and billing

Ensured 100% accuracy in cash handling and test report dispatch

Summary

I am a Mechanical Maintenance Engineer with over 7 years of hands-on experience in mechanical operations, maintenance, and project management within heavy industries. My expertise includes managing complex mechanical systems and ensuring high safety standards in production processes. I excel in implementing proactive maintenance strategies to enhance efficiency and reduce downtime while fostering team collaboration and mentorship

Core Skills & Competencies

- Hard Skills:
- Mechanical Maintenance (Furnaces, Cranes, LRF, WTP, APC)
 - Hydraulic & Pneumatic Systems
 - Fire Safety Equipment Installation
 - AutoCAD Drafting & Technical Drawings
 - Preventive Maintenance
 - Troubleshooting & Spare Parts Fabrication
 - Documentation & Checklists
- Soft Skills:
- Team Leadership & Shift Management
 - Critical Thinking & Problem Solving
 - Communication & Collaboration
 - Adaptability & Flexibility
 - Time Management
 - Cross-Department Coordination

Certification

Hydraulic Systems & Valves – Bosch Rexroth

Training on hydraulic systems and valves

Maintenance of Air Compressors – Atlas Copco

Training on maintenance techniques for air compressors

Computer Hardware & Software – Computer Village

Training in computer hardware and software

Basic Electronics – Department of Youth Development

Training in basic electronics

MS Office Application – BTEB

Certification in MS Office applications

Language

English	****
